第3問(20点)

次の下線部を英語に直せ。

1. Scientists know a lot about how animals warn others about intruders, probably because alarm calls are easy to recognize. They often sound to human ears like an exclamation of fear, something like "Help!" or "Look out!" However, research has shown that alarm calls can have various meanings and are sometimes quite complex. Studying them teaches us not only about the communication systems of other animals, but also about how they experience and view the world.
2. Studies have shown that surrounding yourself by plants could improve your concentration by up to 20% and increase your ability to recall information by 15-20%. Plants do this by reducing CO2 levels and improving air quality.

第4問(12点)

次の英文の空所に入れるのに適当な英語を、指定された文脈に基づいてそれぞれ 2語以上8語以内 で書きなさい。ただし、**isn't** などの縮約形は1語として数えなさい。なお、句読点を用いる場合、句読点は語数に含めない。

1. A salesperson is escorting her client to a meeting room.

Salesperson: Please wait here a moment. Would you care for something to drink?
